TALENT

Talent

Athens draws from a nine county labor pool, which consists of 386,753 workers (as of 2017).

Home to a large number of patent holders, Athens' target markets are healthcare, manufacturing, metal fab, distribution; including a substantial concentration of medical device manufacturing. These companies continue to experience high growth, demonstrating the areas ability to provide a skilled workforce.

Review our data, give us a call and then pay us a visit. We would welcome the opportunity to show you that we have the talent to make your business a success in Athens.

CTE Training

Athens High School, in partnership with Trinity Valley Community College, offers training in mechanical engineering technology (MET), HVAC, welding, fabrication, in addition to manual machining, CNC and CAD. Athens EDC collaborates with these entities to assist employers with providing essential employee training.
